NEWS RELEASE
FOR IMMEDIATE RELEASE

SBC-JIC Jesusita Fire 017

DATE: May 7, 2009

TIME: 0930 (9:30 AM)

WATER CONSERVATION

Maintaining the water levels in the reservoirs is essential for the fire department in order to fight the fire. Please conserve water as much as possible within and outside the evacuation zones. For example, sprinkler systems should be shut off. If you evacuate, please turn off your water service to avoid potential loss of water pressure in the affected area.

City crews have turned off some water service in the mandatory evacuation areas. Residents in the evacuation area can anticipate their water service to be off when they return home.
